

Mobile Media Carts Multimedia Carts

Are you tired of risking damage to your sensitive and expensive technology by moving it from place to place on unstable platforms as well as the hassle this presents? AvinED Technical Furnishings has the perfect answer in the form of our Mobile Multimedia Carts that are expertly crafted to our exacting standards and feature a highly functional design that makes for easy sharing of resources between multiple classrooms.

These Mobile Multimedia Carts come standard with 270 degree full wrap around locking doors, keyboard pullout, adjustable shelves (AS) or rack rail (RR), CPU tower space, locking rear access panel and heavy duty casters.

Standard finish is Black, Grey, or Maple Wood grain Melamine (MEL). Top surface is Black Vinyl. Overall dimensions are 37" wide 30" deep 36" high.

Special order finishes include: wood veneer (WV) or plastic laminate (LAM).

These Mobile Multimedia Carts are perfect for those trying to implement technology in the classroom on a limited budget and without risking your investment in technology by transporting it on unstable platforms.
